REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens and Honorable Board of School Directors:

I am pleased to submit my third annual report of the schools of Clarendon.

Seven schools are being maintained during this present school year.

Statistics relative to teachers and pupils are given below:

Miss Edith Spaulding, teacher, Flats school, qualification certificate, State rebate per week \$3.00.

Miss Ruth Squier, teacher, Hill School, probationary certificate, State rebate per week, \$3.00.

Miss Mable White, teacher, North Clarendon, probationary certificate, State rebate per week \$3.00.

Miss Stella Boutwell, teacher, Clarendon Springs school, qualification certificate, State rebate per week \$5.00.

Miss B. Doris Ross, teacher, East Clarendon school, qualification certificate, State rebate per week \$3.00.

Miss Beatrice Kirby, teacher East Street school, probationary certificate, State rebate per week \$3.00.

Miss Mary Tully, teacher, Chippenhook school, qualification certificate, State rebate per week, \$4.00.

Mrs. Ellen Potter was obliged to give up her school during the fall term on account of sickness. She has rendered a splendid service as teacher in this school and we hope that she may be able to continue her work later on.

The enrollment and attendance of pupils are as follows:

Flats School:

Number of girls enrolled	2
Number of boys enrolled	10
Per cent of attendance	—92.7

Hill School:

Number of girls enrolled	11
Number of boys enrolled	7
Per cent of attendance	—99.3

North Clarendon School		
Number of girls enrolled		16
Number of boys enrolled		15

Chippenhook School:		
Number of girls enrolled		12
Number of boys enrolled		14
Per cent of attendance—89		
Enrollment of girls		63
Enrollment of boys		78
Total enrollment		
		141
Average per cent of attendance—93.7		

Whole number of visits of citizens for fall term—48.

These statistics are given for the present school year. Taking into consideration the prevailing sickness in the various schools the attendance has been good so far this year. This is a fair test of the interest of pupils and the substantial work of the teachers, which has been of a very commendable character. It also manifests excellent co-operation on the part of the parents.

The Flats school was made a Standard School during the fall term by the Parent-Teachers' Association of that place and has been approved by the State Board of Education. It is gratifying for me to say that this Association is on the Map and worthy of the highest praise.

The equipment that has been purchased and work done by these citizens should be an inspiration to any community.

The Parent-Teacher Associations of East Clarendon and North Clarendon are doing well towards the standardization of these schools and we hope that before next September the work will be completed.

This work is valuable in the retention of good teachers and makes possible greater achievements on the part of the pupils.

With an added supply of books and other materials for the pupils' use the conditions in the schools would be greatly improved.

We feel that the schools in Clarendon are rendering good service and we appreciate the excellent co-operation of all concerned.

The superintendent sends out examinations for all the schools of this District during the months of January and June. The object is to unify the work of all pupils as far as possible.

Permit me to thank the pupils, parents, teachers and school directors for their hearty support and co-operation during the past three years.

Respectfully submitted,
 FREDERICK W. WALLACE,
 Superintendent of Schools.
